STATEMENT OF PURPOSE: This resolution will authorize a county project within the city limits to make roadway improvements in conjunction with repairs being made

to the Keene Creek culvert. The improvements are anticipated to be complete this fall and are the first phase of work needed in order for the county to complete the Haines Road improvements in 2013. Because the county anticipates using this portion of Skyline Parkway as part of the traffic detour route, improvements are needed to accommodate the increased amount of vehicle traffic. The city will perform any necessary culvert or drainage work and will not be required to provide any matching funds.
